- ☐ The **"Call Sales Manager"** Linkman allows you to call the staff who perform the assistance service in the store by pressing a simple button.
- ☐ The call of the wireless button activates the pager with a beep and / or vibration.
- ☐ The pager display will indicate from which location the call arrives.
- ☐ It is a modular system composed of:
 1. wireless buttons that can be fixed to the wall, at the desk
 2. one or more Watch pagers
 3. Keypad call center (optional)
- ☐ Range of action about 100 meters extendable as desired with signal repeaters (model PT-K800S).
- ☐ 220V power supply with transformer included.
- ☐ LPD system: requires no license or ministerial fees to be paid.
