- ☐ The **"Call Waiter Watch"** Linkman is an exclusive service to offer its customers: the waiter will always be contacted by customers directly from the tables with great simplicity and speed through wireless buttons.
- ☐ Possibility to customize the call with an alphanumeric message (eg room, table, private room).
- ☐ The system can greatly reduce the constant control of the tables without reducing the level of service.
- ☐ The wireless buttons can be fixed to the tables or to the wall.
- ☐ It is a modular system composed of:
 - One or more bell-shaped wireless transmitters
 - one or more wearable pagers as a watch.
- ☐ The Call Waiter sends the signal to the pagers in a radius of approx. 100 mt (extendable further with repeaters PT-K800Y).
- ☐ LPD system: no license or use fees
