watch (optional)

❑ The "Call Medical Personnel" Linkman ensures the traceability of medical personnel, in case of need, throughout the area of the structure.

❑ Great ease of use, just press a button to call.

❑ It is a modular system consisting of: one or more LM-T9000F wireless buttons for calling, one or more wrist pagers.

❑ The button sends the signal directly to the pagers in a radius of 30/40 meters approx. (with each signal repeater the range of action extends 100mt approx).

❑ The button can be kept in a pocket, placed on a table or on the headboard.

❑ For the pagers in function you can choose between: only vibration or vibration and melody together.

❑ LPD system: requires no license or ministerial fees to be paid.
