- ☐ The "Call Waiter" Linkman is a service exclusive to offer its customers: the waiter will always be contacted by customers directly from the tables with great simplicity and speed through wireless buttons.
- ☐ The system can greatly reduce the constant presence tables without reducing the level of service.
- ☐ The display unit, positioned at the cash desk, will alert with a visual and sound signal table number from which the call originates.
- ☐ The range of action is 100 meters extensible with repeaters.
- ☐ Up to 100 buttons can be connected.
- ☐ LPD system: European standard EN 300 220-3 it requires no license or ministerial fees
